More About Camp

Located in the foothills of the Cascade Range, Parent/Pal at Camp Edward is a great experience at a premier outdoor facility. The camp is specifically designed to build confidence and outdoor skills in a fun and safe environment.

Located just minutes from Crystal Mt. Ski Resort on Highway 410, Camp Sheppard is an alpine camp with heated cabins with bunks.

Throughout the day, scouts and parents will participate in archery, BB gun shooting, crafts, games, skit training, nature activity and outdoor learning. Between and after rotations, meals are served in the newly remodeled Dining Hall. The schedule also features a campfire and chapel service.

Accommodations

Camp Edward

Camp Edward features campsites with cabins with bunks that each sleep 8, and tents that sleep two. Cabins can accommodate all scouts, all moms or all dads.

Mom, dad, and son can share one tent if they'd like. Only immediate members of their family can share with Scout. Parent and child may share quarters and spouses can share quarters, but unmarried male and female adults may not share nor can adult and minor share if they aren't parent and child.

Electrical outlets are available in each cabin but no lights. New restrooms with individual showers are also in centrally located buildings and meals are served in a camp dining hall. The trading post will be open with camping supplies, souvenirs, healthy snacks, candy, pocket knives and other items.

Camp Sheppard

Camp Sheppard features heated alpine cabins with bunks each sleeping 24. Male and females adults will be housed in separate cabins. Restrooms are nearby. Meals are shared in the Dining Hall. Electrical outlets are available in each cabin. The trading post will be open with camping snacks, pocket knives and other items.

Meals

The camp kitchen staff serves warm and nutritious meals for all participants in the Dining Hall. They will also attempt to meet common dietary needs. Meals are available for vegetarian, dairy-free and gluten-free diets. The dining hall is peanut free. See below for our policy on peanut products in camp. **Special Needs Forms** need to be received at Council Service Center at least a week prior to your session.

POLICY ON PEANUT PRODUCTS AT CAMP

No peanut products, including peanut oil, will be used in the meals, snacks, cracker barrels, or any other food service provided in the dining halls of Chief Seattle Council camps.

While this prohibition is in place in the dining halls, those with allergies must be aware that camp trading posts may contain some peanut products. It is also important to note that peanut products may be brought to camp by individual Scouts or leaders without the knowledge of the camp staff or the Chief Seattle Council.
